SUBJECT: FY 2026-27 AMBULANCE RATE ADJUSTMENT

In conformance with ICEMA Policy #3060 - ICEMA Ground-Based Ambulance Rate Setting Policy, the following represents ambulance rate adjustments effective July 1, 2026. The attached “Ground Ambulance Service Rate Definitions” will be utilized in the application of the rates.

Ambulance Rate Components	Base Rate	CPI + County	Final Rate
	FY 2025-2026 Rate	Comparison Total Increase	FY 2026-2027 Rate
	Rural/Wilderness Operating Areas	Rural/Wilderness Operating Areas	Rural/Wilderness Operating Areas
Advanced Life Support (ALS) Base Rate (All Inclusive)	\$4,441.00	\$152.87	\$4,593.87
ALS Non-transport	\$0.00	\$0.00	\$0.00
Basic Life Support (BLS) Rate	\$3,286.00	\$113.11	\$3,399.11
Emergency Fee	\$144.00	\$4.96	\$148.96
Oxygen	\$286.00	\$9.84	\$295.84
Night Charge	\$331.00	\$11.39	\$342.39
Critical Care Transport	\$3,167.00	\$109.01	\$3,276.01
Mileage (per mile or fraction thereof)	\$64.00	\$2.20	\$66.20
Wait Time	\$123.00	\$4.23	\$127.23
EKG	\$182.00	\$6.26	\$188.26

If you have any questions regarding the policy and associated rate calculations, please contact Amber Anaya, Assistant EMS Administrator, at (909) 501-9781 or via email at Amber.Anaya@cao.sbcounty.gov.

Ground Ambulance Service Rate Definitions
ICEMA Region
Effective July 1, 2018
NOTE: Rates are allowable only upon transport of a patient.

BLS All Inclusive Base Rate:

1. When an EMT staffed ambulance responds to a call; or
2. When an advanced life support (ALS) or limited advanced life support (LALS) staffed ambulance responds to a scheduled call when not requested and/or ALS or LALS intervention is not provided.

ALS All Inclusive Base Rate:

Any response of an approved ALS (paramedic) or LALS (AEMT) transport provider to a request for service. This charge will include, but not necessarily be limited to, the provision of the following:

1. An authorized ALS or LALS staffed and equipped ambulance response.
2. Care modalities include cardiac monitoring, telemetry, IV administration, drug administration, defibrillation, blood draw, wound dressing, splinting and disposable first aid and medical supplies related to such care and treatment.

Emergency:

Applies to BLS All Inclusive Base Rate when a BLS scheduled response is upgraded to emergency status either in response or during transport. This charge is included in the ALS All Inclusive Rate and cannot be charged in addition to the ALS All Inclusive Rate.

ECG Monitoring:

Applies when ECG Monitoring is performed as per protocol or base hospital order. This charge is included in the ALS All Inclusive Base Rate and cannot be charged in addition to the ALS All Inclusive Base Rate. In most cases, this charge is broken out as a line item for Medi-Cal which does not recognize the charge in the ALS All Inclusive Base Rate.

EMS Aircraft - Appropriate fee for service:

EMS ground transportation providers may charge All Inclusive Base Rate when:

1. Ambulance personnel and/or equipment are directly involved in patient care prior to transport and transfer of patient(s) to EMS aircraft.
2. Provider's supplies and/or procedures are utilized at rate specified in the current ambulance rates.
3. Approved mileage rate from point of transport by ground ambulance to transfer site to EMS aircraft.

Mileage:

Applies for each patient mile or fraction thereof from point of pick-up to destination.

Night:

Applies for services provided between the hours 1900 and 0659, military time.

Oxygen:

Applies for services provided whenever oxygen is administered. This charge is inclusive of material such as tubing, masks, etc., which may be used for the administration of oxygen.

Wait Time:

Applies to scheduled calls and is charged per fifteen (15) minutes of waiting time or portion thereof, after the first fifteen-minute period lapse occurs when an ambulance must wait for a patient at the request of the person/organization hiring the service. "This rate is not contractual 'stand-by' charge rate for special events."

Specialty Care Transport:

Applies to transportation provider's medical personnel when equipment is needed to provide care, monitoring at a level outside and/or higher than a paramedic's scope of practice; or utilization of specialized equipment or specialized vehicle, based upon patient's needs. Examples of Specialty Care Transport may include Neonatal (incubator/team) transport, Bariatric Unit Transport, high-risk maternal team transport, ALS Respiratory Therapist transport, PA-NP-OD-MD transport, etc.
