EMT-P STUDENT FIELD INTERNSHIP REQUIREMENTS

I. PURPOSE

To define the requirements for an Emergency Medical Technician - Paramedic (EMT-P) student intern to obtain a field internship in the ICEMA region.

NOTE: ICEMA approved preceptors are available to all training programs. ALS service providers may not reserve preceptors for specific training programs.

II. PRECEPTOR ELIGIBILITY

In order for an EMT-P preceptor to maintain a current preceptor status, the EMT-P must precept at least one (1) student within the 2-year period following the completion of the ICEMA approved preceptor training workshop. If the EMT-P preceptor does not precept a student within that two (2) year time frame, they will need to re-take an ICEMA approved workshop or they will be removed from the approved preceptor roster. Continual preceptorship of at least one (1) student in the subsequent two (2) year cycles will maintain current preceptor status without requiring attendance at another ICEMA approved preceptor training workshop.

III. EMT-P STUDENT INTERN ELIGIBILITY

- To be eligible for an EMT-P student field internship within the ICEMA region, an EMT-P student intern must:
 - Be currently enrolled in and have successfully completed the didactic and clinical rotations of an approved EMT-P training program.
 - Possess a valid American Heart Association BLS Healthcare Provider, American Red Cross BLS Healthcare Provider card or equivalent.
 - Possess a valid American Heart Association Advanced Cardiac Life Support (ACLS) card.
 - Be currently certified as an EMT, a California AEMT, or be registered as an EMT-Intermediate with the NREMT.
